

Flex-N-Finish® Discs: HD

These Heavy Duty Finishing Discs can handle light to moderate surface cleaning and deburring. Great for satin and antique finishing, scratch blending and thread cleaning. They are highly conformable and can be ganged on a mandrel or a shaft. For a more durable product, use our High Strength discs shown below.

Flex-N-Finish® Discs: High Strength

High Strength discs can handle medium to heavy surface cleaning and deburring. Very conformable - the high strength fibers combined with a high grain content deliver a tough long lasting disc. Discs can be mounted individually or ganged on a mandrel or a shaft to form a wheel. For extra stiffness, use with side plates.
